Explore & experiment approach to assignments

2. What aspects of this course were most beneficial to you?

(compiled page 1/2 for question 2/6)

The ability to explore and learn on my own with his help, rather than the usual which entails no ability to learn on your own

Everything!

New ways of sculpting

Variety of techniques & materials to create art.

Everything. Now I can create amazing work.

The instructor would go around and help me out

know well about how to use plaster, wax and alginate

Everything, I learned a lot

2. What aspects of this course were most beneficial to you?

(compiled page 2/2 for question 2/6)

- lending us the tools and materials we needed instead of buying it ourselves

Time

I like to take my time to process what I want to convey in a piece, what it means to me, and plan my approach. Terry's quite laid back & accepting of ~~my~~ this need which allowed me to actually be happy with my assignments for once in my degree.

3. Was the instructor available for a sufficient amount of time, in or out of class?

Yes. Jerry was available literally 24/7!

Yes! He came to help all the time

Yes, always

Always

Yes. The instructor always made himself available.

Yes

Yes, he was even available on weekends.

Yes, he extends his time to help a student at

Yes

Also-frickin'-lutely. Very responsive to emails + I quote he made himself available when I ~~we~~ asked for his help.

Yes

fair and equal

very good!

NA

Fair.

Do not know yet but based on the outline they seem fair.

Ø

i'm glad we don't do stupid quizzes/exams.

fair

Don't know, the projects were extended to the last day

Reasonable. Participation + effort are considered.

5. What do you suggest might improve this class?

Can't think of anything - I had a really good learning experience b/c of this course.

Nothing! Terry is great!

Shorter class hours

Nothing.

Some step-by-step procedures online so I know how to sculpt better.

No

Was perfect

- Less talking and more time to work on things
- Have the lectures be part of the projects more

Nothing

Perhaps a bit more demonstration in the labs, however I think the only reason there wasn't enough was because not enough time in

Ø

6. Why would you recommend this course and / or instructor to other students?

(compiled page 1/2 for question 6/6)

no faults in this course. Amazing opportunity
